

**Project Design Phase-II  
Data Flow Diagram & User Stories**

<b>Team ID</b>	<b>PNT2022TMID46618</b>
<b>Project Name</b>	<b>Personal Assistance for Seniors who are self-reliant</b>
<b>Date</b>	<b>15November2022</b>

**Data Flow Diagram:**

1. The user should register on MedCare(web application) by using their mail ID, password and get verified.
2. User can set medicine name and time by MedCare (mobile application).
3. The data given as input by the user on mobile application is stored in IBM Cloudant database.
4. The IOT device is made to remind the medicine name at correct time by voice commands through IBM Watson platform.
5. The SMS is sent to the user to notify the intake of medicine which is initiated by mobile application.
